**CORRESPONDENCE**

Mr. Gianforte stated that there are two items of correspondence:

The first item of correspondence was a letter from Groundwater & Environmental Service on behalf of Fort Monmouth. Mr. Gianforte reported that Dichloroethene and Trichlorethene, have been detected in the influent to the Fort's treatment system but no harm was apparent as a result of this. Mr. Gianforte reported that GES was notifying the Authority of the situation.

The second item of correspondence was a letter from NJDEP with reference to the Laboratory Certificate and Annual Certified Parameter List. Mr. Gianforte reported that the Authority was in certification status.

Mr. Gianforte stated that copies are available for review.

**PUBLIC COMMENT ON AGENDA**

There was no comment by the public.

**ENGINEERING COMMITTEE**

**ENGINEERING MANAGER'S REPORT**

**Road Paving Project:** Mr. Galvin reported that the contractor is completing the final work order issued and the contract will be closed

**Collection System SCADA:** Mr. Galvin reported that the consultant has visited the site again and provided a list of material to purchase as well as a wiring diagram for the new controller.

**Contract 135 Main Pump Station Tap Box:** The tap box is complete and that three quotes have been received for the daily rental of a generator to test the tap box and also train the staff on the operation of the tap box. Mr. Baarck asked if the generator will be large enough to drive the entire list of apparatus that the tap box would normally handle. Mr. Galvin stated that's correct, it will run the full pump station.

**Contract 122C Pump Station 12:** Mr. Galvin reported that the contractor has submittal several shop drawings and the Authority is still finalizing that issue.

**Contract 137 Underground Storage Tanks Removal and Above Ground Storage Tank Installation:** Mr. Galvin reported that the removal of the Underground Storage Tanks and the installation of the new Above Ground Storage Tank was moving along and the contractor has proposed a substitute above ground tank which is under evaluation. Mr. Baarck asked does the tank come painted or is the white the color that it comes in only. Mr. Galvin stated that white is the color it comes in by code. Mr. Christopher asked questions regarding parking spaces lost due to the move.

**Administration Building Boiler Replacement:** The contract documents have been reviewed in house and returned to Birdsall.

**OTHER-**

1. **Shrewsbury: The Ivy:** The developer is finalizing the developer's agreement and bonds. Construction should start in June.
2. **Seashore Estates**—this project, in Shrewsbury along Avenue of the Commons, is preparing to start construction, with the developer's agreement, bond, etc being finalized.

**CONSULTING ENGINEER'S REPORT**

Mr. Applegate had no additions to his report. Mr. Christopher asked about the blower downsizing and if it was part of the plant expansion suit that the Authority won and if that is where the money comes for that work. Mr. Applegate indicated that he was unaware where the source of the money would be. Mr. Christopher asked if this was not all part of the expansion. Mr. Applegate responded that that it was part of the Plant Expansion project.

**OPERATION MANAGER'S REPORT**

Mr. Seaman had no additions to his report. Mr. Baarck asked what percentage of maintenance was now scheduled by computer and reminded the Authority by computer. Mr. Seaman stated every piece of equipment is in the maintenance program. Further discussion ensued.

Mr. Gianforte read the following resolutions.
