

**TWO RIVERS WATER RECLAMATION AUTHORITY**

**RESOLUTION AUTHORIZING THE EXECUTIVE DIRECTOR  
TO EXECUTE TREATMENT WORKS APPROVALS**

**RESOLUTION NO: 2008-06-64**

**WHEREAS**, the Two Rivers Water Reclamation Authority ("Authority") adopted Resolution #2007-06-74 on June 19, 2007 imposing a Sewer Connection Ban effective June 19, 2007 in accordance with N.J.A.C. 7:14A-22.1(a) because of limited pumping capacity at the Main Pumping Station; and

**WHEREAS**, the pumping capacity of the Main Pumping Station, with supplementary pumps, is limited to 29 million gallons per day ("MGD") instead of the 34.6 MGD required by the New Jersey Department of Environmental Protection to provide a pumping rate of 2.5 times the average flow of 13.83 MGD that is the permitted average flow for the wastewater treatment plant; and

**WHEREAS**, the engineering firm of Brown and Caldwell previously reported that the limited pumping capacity of the Main Pumping Station results from design defects and that a new Main Pumping Station will be required to provide adequate pumping capacity; and

**WHEREAS**, the existing pumping capacity of 29 MGD would support an average flow of 11.6 MGD in accordance with NJDEP requirements; and

**WHEREAS**, the Sewer Connection Ban was imposed because the average flow reached 11.8 MGD during a period of extraordinary rainfall; and

**WHEREAS**, the average flow has not exceeded 11.6 MGD since imposition of the Sewer Connection Ban; and

**WHEREAS**, the average flow of 11.8 MGD that caused the Sewer Connection Ban

included infiltration and inflow, and

**WHEREAS**, the Authority has evidence of completed infiltration/inflow remedial measures which have eliminated substantial extraneous flow since imposition of the Sewer Connection Ban.

**NOW THEREFORE, BE IT RESOLVED** by the Two Rivers Water Reclamation Authority, the Executive Director is hereby authorized to execute Treatment Works Approvals.

**BE IT FURTHER RESOLVED** that the Executive Director is hereby directed to notify the affected municipalities that Treatment Works Approval applications are being accepted for processing.

I certify the above to be a true copy of the Resolution adopted at a public meeting held on June 17, 2008

Michael A. Gianforte, P.E.  
Executive Director
