#### INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Members of the Two Rivers Water Reclamation Authority Monmouth Beach, New Jersey

We have audited the accompanying financial statements of the Two Rivers Water Reclamation Authority, County of Monmouth, State of New Jersey (the "Authority"), as of and for the years ended October 31, 2010 and 2009, as listed in the table of contents, which collectively comprise the Authority's financial statements. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority, as of October 31, 2010 and 2009, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 24, 2010 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of our audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

#### INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's financial statements. The information included in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is presented as additional analytical data as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

This section presents management's analysis of the Authority's financial condition and activities of the Authority for the year.

This information should be read in conjunction with the financial statements and notes, which immediately follow this section.

Management's Discussion and Analysis (MD&A) is Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34, Basic Financial Statements-Management's Discussion and Analysis for Local Governments.

#### Discussion of Financial Statements Included in Annual Audit

The Authority prepares and presents its financial statements on several different bases, because of accounting requirements and for internal use purposes.

The first set of statements which consist of the Comparative Statement of Net Assets, the Comparative Statement of Revenues, Expenses and Changes in Net Assets, and the Comparative Statement of Cash Flows is prepared on an accrual basis and is in accordance with accounting principles generally accepted in the United States of America (GAAP). These statements are the official financial statements of the Two Rivers Water Reclamation Authority.

After the first set of statements and the "Notes to the Financial Statements" that follow is the second set of statements. These statements are considered "Supplementary Information".

The Authority has historically presented its financial statements on a "GAAP Basis", and continues to do so because it relates more fairly to the annual budget for the same period. The annual budget records all encumbrances as charges against the adopted appropriation even if the items or services have not been received.

Contained in the supplementary information are statements that report the Comparative Schedule of Operating Revenues and Expenditures Compared to Budget. This statement compares the "Budget" revenues and expenses to "Actual" revenues and expenses. Principal and interest are reported in this statement as Debt Service expense, and depreciation is not reported as an expense. On the "GAAP" based statements, Depreciation Expense is included, and only the Interest Expense component of the Debt Service expense is reported.

The Budget to Actual statement is a very important statement to the Authority management staff, because it is how we measure our financial performance, particularly as it compares to the approved and adopted annual budget and how it relates to the operational performance.

Other information or statements incorporated within the annual audit report are the Schedules of Cash Receipts, Cash Disbursements and Changes in Cash, Cash Equivalents and Investments – Restricted and Unrestricted and the Schedule of Long-Term Revenue Bonds Payable.

For the purpose of he Management Discussion and Analysis, the ensuing discussion will review the financial statements of the Two Rivers Water Reclamation Authority, those prepared on an accrual basis and in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to enterprise funds of state and local governments. This is the first set of statements included in the annual audit report.

#### Financial Condition

The Authority's financial condition remained strong at year end, as depicted by the financial data which follows.

#### Comparative Statement of Net Assets

The Authority's total assets decreased by \$1,582,537 mainly due to the depreciation of capital assets. Total liabilities decreased by \$3,433,615 mainly due to the payment of revenue bond principal. Assets exceeded liabilities by \$67,043,509. This compares to 2009 where assets exceeded liabilities by \$65,192,431.

The Authority's Net Assets of \$67,043,509 are comprised of the following:

1. Invested in Capital Assets, Net of Related Debt of \$43,919,909, as depicted below, includes property plant and equipment, net of accumulated depreciation, and net of long-term debt related to the purchase or construction of capital assets. Invested in Capital Assets, Net of Related Debt increased by \$1,596,691 from the prior year.

| Capital Assets - Net            | \$                                      | 80,179,057 |
|---------------------------------|---|------------|
| Less:                           |   |            |
| Bonds Payable - Current         |   | 3,427,503  |
| Bonds Payable - Long Term       | *************************************** | 32,831,645 |
| Invested in Capital Assets, Net | \$                                      | 43,919,909 |

- 2. Net Assets of \$450,000 restricted for the purpose of Renewal and Replacement of "the System", which is determined each year by an independent consulting engineer.
- 3. Net assets of \$357,199 restricted for the purpose of providing a Debt Service Reserve Fund, in accordance with the Authority's debt covenants.
- 4. Net assets of \$400,000 restricted for future collection system improvements.
- 5. Net assets of \$190,000 restricted for a Shrewsbury River Dredging Project.
- 6. Net assets of \$11,500,000 have been restricted for future capital improvements.

- 7. Net assets of \$ 200,000 restricted for Rate Stabilization
- 8. Unrestricted net assets of \$10,626,402 represent the portion available to maintain the Authority's continuing obligations to the contractual customers of its service area, its creditors and for its current liabilities.

Unrestricted Net Assets increased by \$146,688.

| Benefits                                       |       | 1,174,649   |               | 633,375     |      |             |  |  |
| Unemployment Claims Reserve                    |       | 88,321      |               | 88,128      |      | 84,584      |  |  |
| Compensated Absences Payable                   |       | 363,787     |               | 344,286     |      | 335,884     |  |  |
| Long-Term Obligations - Net                    |       | 32,815,090  | <del>da</del> | 35,813,801  | 144  | 43,713,619  |  |  |
| Total Liabilities                              | \$    | 39,874,304  | \$_           | 43,307,918  | \$ _ | 50,725,987  |  |  |
| Net Assets                                     | \$    | 57,043,509  | \$_           | 65,192,431  | \$   | 51,369,370  |  |  |

Total Current Assets decreased because Unrestricted Investments have decreased.

Total Restricted Assets have increased because investments increased.

Capital Assets acquired were \$460,539 and depreciation charged was \$3,042,289. Consequently, Net Capital Assets have decreased by \$2,581,750.

Total Current Liabilities Payable from Unrestricted Assets have increased, mainly due to an increase in accounts payable.

Total Current Liabilities Payable from Restricted Assets has decreased because the current portion of Revenue Bonds Payable has decreased.

Long Term Obligations have decreased due to the scheduled payment of revenue bond principal and the early redemption of the Series 2000 bonds.

Total Net Assets have increased as a result of the reported positive change in net assets for the 2010 fiscal year.

#### Comparative Condensed Statement of Revenues, Expenses and Changes in Net Assets

2010 Operating Revenues fell from 2009 levels, mainly due to an anticipated decrease in revenues from Customer Municipalities, associated with the bond redemptions.

Total Operating Expenses were relatively unchanged from the prior year.

Total Operating Revenues less total Operating Expenses produced Operating Income of \$2,811,639. This is less than 2009 Operating Income of \$3,543,098.

Total Net Assets as of October 31, 2010 increased by \$1,851,078, as is depicted below.

|                           | Fiscal Years Ended October 31,  |  |  |  |  |  |  |

#### Statement of Cash Flows

Net increase in Cash and Cash Equivalents was \$34,251. This compares to a decrease in Cash and Cash Equivalents in 2009 of \$220,878.

#### Core Competencies

The Authority provides wastewater conveyance and treatment services under contracts with participant municipalities and six customer municipalities and the Fort Monmouth Area.

The System consists of a wastewater treatment plant, a wastewater collection system of approximately 230 miles of gravity interceptor and force mains, 19 pumping stations and an ocean outfall line discharging into the Atlantic Ocean through a diffuser system.

The wastewater treatment plant provides primary and secondary wastewater treatment and is situated on about 25 acres located on Raccoon Island in Monmouth Beach, NJ.

The treatment plant has a designed capacity of 13.83 million gallons per day as a result of a recently completed upgrade and expansion of its treatment plant. The expanded and upgraded plant is designed to serve the projected treatment needs of the service area based on current zoning ordinances.

The Two Rivers Water Reclamation Authority owns and operates the regional piping and pumping systems that receive, meter, and transport the municipal wastewater to the Authority's Regional Plant on Raccoon Island for treatment and discharge. It also owns and operates the collection system in the six participant communities.

The User Fee charged to the six municipalities is the source of revenue for the Authority in addition to the customer town charge paid by the six customer communities, Monmouth Park and the Fort Monmouth area. This is shown on the Comparative Statement of Revenues, Expenses and Changes in Net Assets as "Customer Municipalities – Annual Charges and Participating Municipalities – Service Charges" and reported as Operating Revenues.

#### **Budget Variations**

There were no amendments made to the adopted 2010 budget.

#### Accountability

The Two Rivers Water Reclamation Authority's mission statement is:

#### The Chairman's Statement:

"Our mission for the Two Rivers Water Reclamation Authority is to provide the ultimate wastewater collection and water reclamation system. Always responsive to the customers' needs and the growing community, in compliance with the applicable laws, rules and regulations, Two Rivers Water Reclamation Authority will continue to set and exceed the standards for the protection of the environment, while operating the most efficient system and maintaining a cost effective budget.

As the mission reads, this is who and what the Authority is accountable to. The Authority's accountability, first and foremost, is to protect the environment. The goal is to provide a cost effective and reliable service, and at the same time to protect the environment. This means the Authority is accountable to its customers, the agencies and people served using the same principals: cost effective, efficient, reliable and protective. This is what the employees of the Authority strive for each and every day. And each and every day, the Authority is accountable to its employees.

As an environmental utility, the Authority is also guided by or accountable to state government and the applicable rules and regulations that govern the Two Rivers Water Reclamation Authority. More specifically, the Authority is accountable to the Department of Community Affairs, Division of Local Government Services and the Department of Environmental Protection.

As an environmental utility, the Authority is accountable to the U.S Environmental Protection Agency.

The Authority is also accountable to the governing body of the Authority, the Two Rivers Water Reclamation Authority Board of Directors, and as such, accountable to certain government officials.

#### Governing Body

The governing body of the Authority consists of a 12 member board that is appointed for five-year terms by the participant communities they represent.

The Authority Board Members are:

William E. Leonard, Chairman
Thomas Barham, Vice Chairman
Barry J. Berdahl, Ph. D., Treasurer
William R. Baarck, P.E., Secretary
Richard N. Tocci, Assistant Treasurer
Arno H. Weber, Assistant Secretary
John Bonforte, Member
Gregory J. Christopher, Member
Catherine D. LaPorta., Member
Brian McPeak, Member
Scott Hartman, Member
William Nolze, Member

#### Management of the Authority

The Executive Director of the Two Rivers Water Reclamation Authority, Michael A. Gianforte, manages the daily operations of the Authority. He oversees a staff of 38 and a 2010 budget of \$13.3 million. Senior staff is charged with the management of the operations and financial affairs of the Authority.

The Executive Director and senior staff are as follows:

Michael A. Gianforte, Executive Director Edward J. Griffin, Financial Manager Gregory Seaman, Operations Manager Dennis J. Galvin, Engineering Manager

#### Funding of Infrastructure and Debt Management

It is the current policy of the Two Rivers Water Reclamation Authority Board Members, Executive Director, and senior staff, that funding for capital improvements, additions or replacements, is to be accomplished using one or more of the following methods:

Borrowings from the New Jersey Environmental Infrastructure Trust Funding Incrementally or Annually from Annual Operating Budget

Refunding of existing public debt is routinely reviewed, analyzed and recommended when appropriate. The Authority has defeased various Bond issues and achieved significant debt service savings. Early redemptions of Bonds outstanding have occurred.

#### Independent Auditors

The Authority Auditor is David A. Kaplan, CPA of DAK CPA, Certified Public Accountants.

Prior audits can be obtained by contacting the Two Rivers Water Reclamation Authority.

NOTES TO FINANCIAL STATEMENTS

#### Note 1. ORGANIZATION

The Two Rivers Water Reclamation Authority, Monmouth County, New Jersey, (the "Authority") is a public body politic and corporate of the State of New Jersey, created by virtue of ordinances of the Boroughs of Fair Haven, Little Silver, Monmouth Beach, Oceanport, Shrewsbury and West Long Branch on October 1, 1965, pursuant to the Sewerage Authorities Law of the State of New Jersey (P.L. 1946, Chapter 138 as amended and supplemented).

As a public body, under existing statutes, the Authority is exempt from both federal and state taxes.

#### Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Authority's utilizes the full accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP) revenue is recorded as earned and expenses are reflected as the liability is incurred.

The Authority applies all Governmental Accounting Standards Board pronouncements as well as Financial Accounting Standards Board statements and pronouncements.

The Authority has no component units as defined under Section 2100 of the GASB Codification.

#### Cash and Cash Equivalents

Amounts include petty cash and change funds, interest-bearing accounts and short-term investments with an original maturity date of three months or less from the date of purchase, carried at cost, which equals fair market value.

#### Investments

Investments include United States Treasury Note and Bonds, Federal Home Loan Bank Notes, Treasury Obligations Fund, Money Market Funds and a Certificate of Deposit. Investments are carried at market value. Investments have a maturity date of three months or more.

#### Inventory

Minimal inventories of parts, chemicals and supplies are maintained by the Authority and are expensed when purchased. Gasoline and diesel fuel inventory value at October 31, 2010 and 2009 was \$12,723 and \$17,337, respectively.

#### Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Accounts Receivable

The Authority bills its sewer charges to customers in participating municipalities quarterly and these quarterly bills are due on the 1<sup>st</sup> day of February, May, August and November.

Customer municipalities are billed in bulk, annually, and these customer charges are due on the 1<sup>st</sup> day of February, May, August and November.

#### Bonds and Notes - Discounts and Premiums

Bonds and notes - discounts and premiums are amortized using the interest method over the term of the bonds. Net bond and note discounts and premiums are presented as a reduction of the face amount of the bonds and notes payable.

#### Gains or Losses on Debt Refundings

In accordance with GASB Statement 23, "Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities", gains or losses arising from debt refundings are to be deferred and amortized over the lesser of the original remaining life of the old debt or the life of the new debt. It also requires that gains or losses related to debt refundings be used to determine the carrying value of the new debt that was issued to finance the refunding. Annual amortization is reflected as a part of interest expense.

#### Restricted Funds

In accordance with the 1978 Bond Resolution and the 1991, 1993, 1993B, 1996A, 2000 and 2003 Supplemental Bond Resolutions, the Authority has established the following funds:

| <u>Fund</u>  | <u>Amount</u>   | Use for Which Restricted  |
|--------------|---|---|
| Revenue      | All revenue received by the Authority.                  | Authorized operating expenses and periodic transfers to other funds in accordance with Section 506. |
| Construction | Proceeds of debt issued and construction grants-in-aid. | The cost of acquisition or construction of all or any part of the sewerage system.                  |

#### Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Restricted Funds (Continued)

| Fund                       | <u>Amount</u>   | Use for Which Restricted  |
|----------------------------|---|---|
| Bond Service               | Amount needed to pay matured principal and interest plus principal and interest due on or before the first day of May or November next ensuing. | Principal and interest on Bonds.  |
| Sinking                    | Amount of required installments according to Bond Resolution.   | Retirement of the term bonds.   |
| Bond Reserve               | Amount of interest payable one year after authentication of the bonds.  | Transfers to meet minimum levels required in the bond service and sinking funds. Any excess may be transferred into the general fund. |
| Renewal and<br>Replacement | Amount needed to meet the system reserve requirement as certified by the consulting engineer.   | The cost of major repairs, renewals and replacements. Any excess may be transferred into the general fund.                            |
| General                    | No minimum requirements.  | Transfers to meet minimum levels required in all other funds. Any excess may be used by the Authority for any lawful purpose.         |

In addition to the restricted funds required by the Indenture of Trust and the Supplemental Indentures, the Authority has established additional restricted use funds as follows:

(1) <u>Escrow Fund</u> - Advance payments and deposits required as a condition for the Authority to commence engineering reviews and inspections on new development, and cash in lieu of bonds required by the Authority. Monies held for reviews and inspections become earned revenues of the Authority as

#### Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Restricted Funds (Continued)

#### (I) Escrow Fund (Continued)

the services are performed, and amounts remaining at project completion, including a portion of interest earnings, are returned to the developer. Cash held in lieu of bonds is refunded in the same manner, and following the same procedures, as those for the release of bonds required by the Authority.

(2) <u>Reserve for Rate Stabilization Fund</u> - Available to offset the impact on rates of future plant expansion.

#### Grants

Grants externally restricted for non-operating purposes are recorded as contributed capital and identified as grants-in-aid in the Authority's records.

#### Unamortized Debt Issuance Costs

Deferred debt issuance costs incurred with the 2000 and 2003 bond issues are being amortized over the respective lives of the issues using the straight-line method. Unamortized debt issuance costs as of October 31, 2010 and 2009 is \$439,490 and \$535,067, respectively.

#### Management's Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### Capital Assets

Capital Assets are stated at cost which includes direct construction costs and other expenditures related to construction.

System construction costs are charged to construction-in-progress until such time as given segments of the system are completed and put into operation.

It is the Authorities policy to record capital assets when their cost exceeds \$2,000.

#### Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Capital Assets (Continued)

All reported capital assets except for land and construction in progress are depreciated. Changes in capital assets and the useful lives used for determination of annual depreciation are as follows:

|                            |             | Batance          |      | Carrent \       | /ea        | r's Activity | Balance           |                     |

|                            | \$          | 82,760,808       | \$ . | (2,574,225)     | s <u>.</u> | (7,525)      | \$<br>80,179,058  |                     |

Accumulated depreciation at October 31, 2010 and 2009 was \$44,694,413 and \$41,680,857, respectively.

Depreciation expense for the years ended October 31, 2010 and 2009 was \$3,042,289 and \$2,989,251, respectively.

Depreciation on assets acquired with grants-in-aid and contributed capital assets are recorded as a reduction of contributed capital.

#### Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt to the extent expended consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

#### Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Authority classifies certificates of deposit that have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments. The Authority is in compliance with GASB Statement No. 3 as amended by GASB Statement No. 40.

#### A. Deposits

New Jersey statutes require that authorities deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York or a banking institution that is a member of the Federal Reserve System and has capital funds of not less then \$25,000,000.

As of October 31, 2010, cash and cash equivalents (Deposits) of the Authority consisted of interest bearing Checking and Money Market Checking accounts totaling \$ 849,024.

#### Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### B. Investments

New Jersey statutes permit the Authority to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.
- Local government investment pools.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

Generally accepted accounting principles ("GAAP") establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). All of the Authorities investments are considered Level 1 investments, as described below.

<u>Level 1</u> – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Authority has the ability to access.

The Authority believes its valuation methods are appropriate and consistent with other market participants.

#### Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

#### B. Investments (Continued)

As of October 31, 2010, investments of the Authority consisted of the following:

|  |                      |                   | Maturitie       | es       |

#### Credit Risk:

Obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are not considered to have concentration of credit risk.

#### Interest Rate Risk:

New Jersey Statutes and the Authority's Cash Management Plan limit investment maturities as a means of managing interest rate risk exposure.

#### Custodial Credit Risk - Deposits:

Custodial Credit Risk is the risk that in an event of a bank failure, the Authority's deposits may not be returned to it. The Authority has mitigated this risk by limiting deposits only with banks participating in both the FDIC and NJ GUDPA programs.

#### Note 4. DEFERRED COMPENSATION PLAN

The Authority has established a Deferred Compensation Plan pursuant to Section 457 of the Internal Revenue Code and under the provisions of N.J.S.A. 43:15-1. The Plan is an arrangement whereby a public employer may establish a plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more of the types of investments permitted under the governing regulations. Contributions are recognized when received by the Administrator, withdrawals and administrative fees when paid by the Administrator and earnings when the Administrator is notified by the company with which the funds are invested. Investments are managed by the Plan trustees under various investment options offered by the Equitable.

Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseen emergency.

#### Note 5. PENSION PLAN

#### Plan Description

All of the Authority's employees participate in the Public Employees' Retirement System (PERS), a cost-sharing multiple-employer defined benefit pension plan administered by the Division of Pensions in the Department of the Treasury, State of New Jersey. The plan provides retirement, death, disability benefits and medical benefits to certain qualifying plan members and beneficiaries. The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A. The Public Employees' Retirement System issues publicly available financial reports that include financial statements and required supplementary information. This report may be obtained by writing to the State of New Jersey, Division of Pensions.

#### Funding Policy and Contributions

Employee contributions are five and one-half percent of pensionable wages. Employer's contributions are actuarially determined annually by the Division of Pensions. All contributions were equal to the required contributions for each of the three years, respectively.

#### Note 5. PENSION PLAN – (CONTINUED)

#### Funding Policy and Contributions – (Continued)

Employer and employee contributions for PERS for the last three years ended October 31 were as follows:

| Year | <u>Employer</u> | Employee      |
|------|-----------------|---------------|
| 2010 | \$<br>208,675   | \$<br>136,616 |
| 2009 | 182,100         | 131,567       |
| 2008 | 126,342         | 122,534       |

#### Note 6. AMOUNTS REQUIRED BY BOND RESOLUTION

Under the Bond Resolution of 1978, as supplemented, certain requirements are stipulated as follows:

#### Bond Service Requirements

The Bond Service Fund must equal the amount of any unpaid interest plus any interest to become due on or before the first day of May or November next ensuing, plus any unpaid principal then due, plus any principal maturing on or before the first day of May or November next ensuing.

In connection with these requirements at October 31, 2010, the following information was applied:

| Bond Service Fund - Investments at October 31, 2010   |                              | \$<br>912,475 |
|---|------------------------------|---------------|

| Excess  |                              | \$<br>1,951   |
| Interfunds Payable  |                              | <br>1,951     |
| Excess/(Deficiency)   |                              | \$<br>None    |

#### Note 6. AMOUNTS REQUIRED BY BOND RESOLUTION (CONTINUED)

#### Bond Reserve Requirements

The Fund must equal the aggregate of the amounts of interest with respect to every Bond then outstanding which accrue during the period of one year after authentication and delivery of such Bond upon original issuance. Bonds issued through the NJEIT have a bond reserve requirement, held by the NJEIT.

In connection with these requirements at October 31, 2010, the following information applied:

Bond Reserve Fund - Investments at October 31, 2010 \$ 372,184

Reserve Requirement, interest which accrues during the period of one year after the authentication and delivery of the Revenue Bonds:

| Series 2003         | 357,19   | 9  |
|---------------------|----------|----|
| Excess              | \$ 14,98 | 5  |
| Interfunds Payable  | 14,98    | 5  |
| Excess/(Deficiency) | \$ No    | ne |

#### Note 7. RATES, BILLINGS AND DEFERRED REVENUE

Effective January 1, 2002, the residential unit service fee was revised to \$360.00 per year, payable at a rate of \$90.00 per quarter. That rate remained in effect throughout the fiscal year ended October 31, 2010.

Deferred Revenue of \$930,199 represents the portion of the participant's calendar year billings for November and December 2010, which are billed but unearned at October 31, 2010. Deferred Revenue at October 31, 2009 was \$948,782.

#### Note 7. RATES, BILLINGS AND DEFERRED REVENUE (CONTINUED)

The number of billing units within the participating municipalities as of October 31, 2010 and 2009 were as follows:

|                             | Billing Units as of October 31, |           |  |
|-----------------------------|---------------------------------|-----------|--|
| Participating Municipality: | 2010.                           | 2009      |  |
| Fair Haven                  | 2,276.79                        | 2,307.29  |  |
| Little Silver               | 2,801.75                        | 2,820.12  |  |
| Monmouth Beach              | 2,107.53                        | 2,100.89  |  |
| Oceanport                   | 2,493.80                        | 2,512.41  |  |
| Shrewsbury Borough          | 2,656.77                        | 2,823.67  |  |
| West Long Branch            | 3,248.16                        | 3,258.79  |  |
|                             | 15,584.80                       | 15,823.17 |  |

The Authority makes annual charges to the customer municipalities and government facilities as set forth in the customer agreements. Participating Municipalities may be assessed for deficiency charges pursuant to the Bond Resolution.

Annual charges are computed on a "per million gallons per year of sewage flow" basis. The annual charge will be a proportionate share of the trunk sewer capacity, the treatment capacity and a share of the administration, operation and maintenance costs. Rumson Borough and Fort Monmouth have elected to prepay their share of the capital costs of trunk sewers and treatment plant, and will only be charged for their share of the administration, operation and maintenance costs.

#### Note 8. LONG-TERM DEBT

#### 1996A Series Bonds

On February 20, 1996, the Authority adopted a Supplemental Bond Resolution to issue Revenue Refunding Bonds, Series 1996A, of \$12,385,000, to advance refund a portion of the Authority's Series 1978 Revenue Bonds, specifically \$12,185,000 term bonds due November 1, 2010. The bonds were issued November 19, 1996, and were dated November 1, 1996.

#### Redemption of the Bonds

On August 3, 2009 the Authority executed a full redemption of all of the \$3,360,000 1996A bonds outstanding, at a redemption price of 100%.

#### 2000 Series Bonds

On February 1, 2000, the Authority issued \$1,695,000 in Series 2000 Revenue Bonds.

#### Redemption of the Bonds

#### Optional Redemption.

On November 1, 2009, the Authority executed a full redemption of all of the outstanding 2000 Series Bonds, at a redemption price of 101%.

#### Note 8. LONG-TERM DEBT (CONTINUED)

#### 2000A Series Bonds - New Jersey Environmental Infrastructure Trust

On November 9, 2000, the Authority issued \$49,357,977 in Revenue Bonds through the New Jersey Environmental Infrastructure Trust ("NJEIT"). The "Fund" portion of the Bond Issue, \$22,642,977, was issued on an interest free basis. The remaining Bonds mature semi-annually from February 1, 2011 through August 1, 2020 at maturities ranging from \$30,895 to \$1,178,194. The Bonds were issued with an original issue premium of \$20,099.50.

On September 27, 2006, the Authority received notice from the NJDEP that \$53,137 was deobligated. A reduction of the final principal repayment due on August 1, 2020 was made.

The "Trust" portion of the Bond Issue, \$26,715,000, has remaining annual maturities from August 1, 2011 through 2020 at amounts ranging from \$1,400,000 to \$2,195,000 and bear interest at rates ranging from 5.00% to 5.25%.

The "Trust" portion of the Bond Issue was refunded by the NJEIT during the fiscal year ending October 31, 2006. The Authority realized present value savings of \$1,034,704.60.

#### 2003 Series Revenue Refunding Bonds

On August 19, 2003, the Authority issued \$10,520,000 Revenue Refunding Bonds dated September 1, 2003 to provide funds placed in an irrevocable escrow with the Authority's trustee to refund, on a current basis, \$10,360,000 of the Authority's Revenue Refunding Bonds, Series 1993B. The remaining Bonds mature annually on November 1, 2010 through 2016 at annual maturities ranging from \$790,000 to \$1,020,000 and bear interest, payable semi-annually, at rates ranging from 3.375% to 4.125%.

#### Redemption of the Bonds

Optional Redemption. The Bonds of this issue maturing prior to November 1, 2014 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after November 1, 2014 are redeemable at the option of the Authority at 100% in whole or in part on any date on or after November 1, 2013, upon notice as required, plus accrued interest to the date of redemption. The Bonds were issued to provide present value savings of \$705,698. The economic loss from this transaction of \$44,265 is being amortized over the life of the issue in accordance with GASB 23.

#### Note 8. LONG-TERM DEBT (CONTINUED)

Changes in long-term debt are as follows:

|               | October 31, 2009 | <u>Increased</u> | Decreased    | October 31, 2010 |
|---------------|------------------|------------------|--------------|------------------|
| Revenue Bonds | \$ 40,437,589    |                  | \$ 4,178,441 | \$ 36,259,148    |
|               | \$ 40,437,589    |                  | \$ 4,178,441 | \$ 36,259,148    |

Maturities on long-term debt are as follows:

| Year Ended<br>October 31, | Principal        |        | Interest  | <u>Total</u>     |
|---------------------------|------------------|--------|-----------|------------------|
| 2011                      | \$<br>3,427,503  | \$     | 1,086,934 | \$<br>4,514,437  |
| 2012                      | 3,522,503        |        | 988,794   | 4,511,297        |

#### Note 9. COMPENSATED ABSENCES PAYABLE

The Authority allows employees to accumulate unused benefits as follows:

<u>Sick Leave</u> - Employees are granted thirteen (13) days of sick leave per contract year. Unused sick days can be accumulated from year to year with no limit. For Local 1034 members with six years of service, upon death or retirement, an employee or their beneficiary will be paid for one-half of accumulated sick time up to 160 days. For Local 32 members with five years of service, upon separation or death, an employee or their beneficiary will be paid for one-half of accumulated sick time up to 150 days.

<u>Vacation</u> - Vacation time may be carried from year to year, up to five days per year, non-cumulatively.

At October 31, 2010 and 2009 \$363,787 and \$344,286, respectively, of compensated absence liability is recorded as a liability. For the purpose of establishing the liability, the Authority recognizes the value of current accumulations calculated in accordance with the policies enumerated above. This liability is fully funded.

#### Note 10. CONTINGENT LIABILITIES

In the normal course of business, the Authority may periodically be named as a defendant in litigation. In the opinion of and by direct confirmation from the Authority Attorney, the Authority is not party to any legal proceedings which are presently determinable to have a material adverse affect on the financial statements or operations of the Authority.

### Note 11. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Health benefits are provided to employees through the State of New Jersey health benefits plan. The Authority retains the services of a risk manager to consult with the Authority to mitigate losses.

<u>Property and Liability Insurance:</u> The Authority maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Schedule of Insurance.

New Jersey Unemployment Compensation Insurance: The Authority has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Authority is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Authority is billed quarterly for amounts due to the State. The following is a summary of Authority contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Authority's expendable trust fund for the current and prior two years:

| Fiscal Year<br>Ended<br>October, 31 | <u>]</u> | nterest | <u>C</u> | Employee<br>Contributions | Amo<br><u>Reimb</u> | Ending<br>Balance |
|-------------------------------------|----------|---------|----------|---------------------------|---------------------|-------------------|

### Note 13. EXTRAORDINARY ITEM

The Comparative Statement of Revenues, Expenses and Changes in Net Assets reflects, for fiscal year ended October 31, 2009, an extraordinary item of revenue of \$11,500,000. The Authority concluded protracted litigation which resulted in the receipt of settlement proceeds during that fiscal year.

### Note 14. OTHER EMPLOYEE BENEFITS

### Benefit Plans

The Authority provides, pursuant to Board action and as provided by statute, certain group health care and dental benefits for active and certain retired employees (and for eligible dependents and survivors of active and certain retired employees). Collectively, these covered individuals are referred to as "participants".

The Authority implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, in 2009.

### Actuarial Methods and Assumptions

The Authority provides the benefits described above to fewer than 100 participants and meets all other requirements allowing it to utilize the alternative measurement method as is described in GASB Statement No. 45. The Authority has elected to utilize the alternative measurement method. Some of the assumptions utilized in the computations are as follows:

Discount Rate 4.0%

Mortality RP 2000 Mortality Table for Males and Females

Turnover Standard Turnover Assumptions

Healthcare Cost Trends As per New Jersey State Health Benefits Guide

Marital Status Present Status maintained throughout

Amortization Period 30 years Actuarial Cost Method Entry Age

Amortization Method Level Percentage of Payroll

Average Retirement Age 66

### Note 14. OTHER EMPLOYEE BENEFITS (CONTINUED)

### Other Postemployment Benefit Costs and Obligations

The annual non-pension postemployment benefit (OPEB) cost is actuarially determined in accordance with the parameters of the alternative measurement method, which also forms the basis for calculating the annual required contribution (ARC) for the Authority. The ARC represents that actuarially determined level of funding that, if paid on an ongoing basis, is projected to cover annual benefit costs and the 30-year amortization of the difference between the actuarial accrued liability and amounts previously recognized. The Authority recognized OPEB costs in 2009 of \$633,375.

The following are the components of the 2010 annual OPEB cost:

| Normal Cost       | \$ 346,838     |
|-------------------|----------------|
| Amortization Cost | <u>288,537</u> |
| ARC               | \$ 633,375     |

As of October 31, 2010 and 2009, the actuarially determined liability for unfunded OPEB obligation equaled \$7,210,121. The difference between this actuarially determined accrued liability and the sum of the liability currently recognized is being amortized over a 30 year period.

### Funding Status

The Authority provides funding for the annual normal cost of OPEB benefits. The Authority has not provided any funding for its unfunded accrued OPEB obligation. Funding alternatives are being reviewed.

### Note 15. SUBSEQUENT EVENTS

There were no events occurring through the date of the independent auditor's report which have been considered necessary for subsequent events disclosure.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Chairman and Members of the Two Rivers Water Reclamation Authority Monmouth Beach, New Jersey

We have audited the financial statements of the Two Rivers Water Reclamation Authority, County of Monmouth, State of New Jersey (the "Authority"), as of and for the year ended October 31, 2010, and have issued our report thereon dated December 24, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We identified deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. These material weaknesses are described in the accompanying General Comments and Recommendations as findings 2010-1 and 2010-2.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain immaterial instances of noncompliance that we have reported to management of the Authority in the "General Comments and Recommendations" section of this report.

This report is intended solely for the information and use of the members of the Authority's Board and its management and for filing with the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not intended to be and should not be used by anyone other than these specified parties.

### TWO RIVERS WATER RECLAMATION AUTHORITY

### INSURANCE COVERAGE

### FISCAL YEAR ENDED OCTOBER 31, 2010

A blanket policy issued by the New Jersey Utility Authorities Joint Insurance Fund for a one-year period expiring on January 1, 2011, payable semi-annually was in force during the period under audit. The following coverages were provided:

| Commercial Property Package               | \$ 150,000,000  |
|---|-----------------|
| Other Coverages in Effect:                |                 |
| Business Auto                             | 10,000,000      |
| Uninsured Motorists                       | 15,000 / 30,000 |
| Commercial Excess Liability               | 10,000,000      |
| Public Official Liability                 | 2,000,000       |
| Boiler and Machinery                      | 150,000,000     |
| Crime Coverage                            | 50,000          |
| Worker's Compensation                     | Statutory       |
| Environmental Liability                   | 2,500,000       |
| Travel Accident Insurance (Commissioners) | 500,000         |
| Flood / Building                          | 500,000         |
| Flood / Contents                          | 250,000         |

All of the insurance policies in force were examined. No attempt was made to determine the adequacy of coverage as part of this report. Adequacy of coverage is the responsibility of the Authority. Insurance coverages continued uninterrupted through the date of this report.

### GENERAL COMMENTS OCTOBER 31, 2010

### Cash Balances

The cash balances were verified with the statements rendered by the trustee and other depositories and also confirmed by direct communication.

### Finding:

Condition: Our examination revealed material adjusting audit journal entries were necessary to bring cash and investment account balances into agreement with bank reconciliations.

Criteria: Sound internal controls require the Authority to reconcile all bank and investment accounts to general ledger control totals on a monthly basis.

Cause: Failure to comply with prior year corrective action plan.

Authority Response: The Authority will take appropriate action to ensure that bank reconciliations are prepared accurately.

Recommendation: It is again recommended that all bank reconciliations be prepared accurately on a monthly basis and that reconciled balances agree with general ledger amounts.

Cash on hand was counted.

### Contracts and Agreements Required to be Advertised/Informal Quotes

The minutes indicate that bids were requested by public advertising for the following items.

Annual Lawn Maintenance
Polymer
Electricity Supply
Hydrogen Peroxide
Bio Filter Media Replacement

Main Pump Station Electrical Tap Box Nitrate Oxygen Emergency Repairs Pavement Restoration

### Contracts and Agreements Required to be Advertised/Informal Quotes

Effective July 1, 2010 the bid threshold in accordance with N.J.S.A. 40A:11-2 was increased to \$36,000 by appointment of a Qualified Purchasing Agent (QPA).

Under N.J.S.A 40A:11-9(b) the Authority appointed the Executive Director as their Qualified Purchasing Agent. Accordingly, the 2010 bid threshold was \$29,000.00.

The Commissioners and Executive Director of the Authority have the responsibility of determining whether any contract or agreement might result in violation of the statute and, when necessary, the Authority's Counsel's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the result of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Based on the results of our examination, we did not note any individual payments, contracts, or agreements made for the performance of any work or the furnishing or hiring of any materials or supplies, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 40A: 11-2.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A: 11-5.

### Delinquent Sewer Charges

A detail of all unpaid sewer charges including customer municipality billings outstanding and amounts due from the participant municipality users is being properly carried on the Authority's records. An abstract taken from these records as at October 31, 2010 covering all unpaid charges on that date was verified with the accounting control figures shown in this report.

A test verification of delinquent charges outstanding at October 31, 2010 and accounts with no balances was made and the results indicated that the accounts of the Authority were in order, based on the replies returned on the verification notices mailed.

### Collection of Interest on Delinquent Sewer Charges

The statutes provide the method for authorizing interest and maximum rates to be charged for nonpayment of sewer charges on or before the date when they would become delinquent. The Authority approved a resolution establishing an interest rate of 1½% per month for delinquent members' charges. The resolution was complied with.

### Interest Requirements

The Authority paid all required interest on its permanent bonds during the period under audit.

### Revenues

The Authority's revenues from participant billings, customer billings, connection fees and other authorized revenues were adequate in providing sufficient revenues to cover operating, maintenance and debt service costs for the fiscal year, in accordance with the requirements of the Bond Resolution.

Receipts from search fees and other charges were checked to the records maintained and verified as proper in conjunction with the fees established by the Authority.

The Authority's rules and regulations established various fees for application filings, legal and engineering inspections and performance bond requirements. The receipts for these fees were checked to the records maintained.

### **Expenditures**

In accordance with the Bond Resolution, Section 610, the Authority adopted an annual operating budget for the fiscal years ending October 31, 2010 and 2009.

The vouchers were examined to the extent deemed necessary and found to be satisfactory with minor exceptions.

An examination was made of the employees' compensation records for the year ended October 31, 2010 and for those employees examined, no exceptions were noted

### General Ledger

### Finding:

**Condition:** Material adjusting journal entries were proposed, accepted and recorded to bring unadjusted trial balance amounts into agreement with actual year end balances.

Criteria: Sound internal controls and State regulations require the Authority to maintain an accurate general ledger.

Cause: A lack of defined roles over maintaining and monitoring the condition of the general ledger.

**Authority Response:** The Authority will develop a procedure which ensures the accuracy of the general ledger.

Recommendation: It is again recommended that the general ledger be maintained accurately.

### Prior Year Findings

The Authority acknowledged receipt of the audit report for the fiscal year ended October 31, 2009 and adopted a corrective action plan on the audit recommendations contained therein. Recommendations 2010-1 and 2010-2 are repeated from the prior year.

An exit audit conference with the Authority was held.

### Acknowledgment

We wish to express our appreciation for the cooperation received from the Authority officials and employees and the courtesies extended during the course of the audit.

### Filing Audit Report, N.J.S. 40A:5A-15

A copy of this report has been filed with the Division of Local Government Services.

### RECOMMENDATIONS OCTOBER 31, 2010

### It is recommended:

- 2010-1 That all bank reconciliations be prepared accurately on a monthly basis and that reconciled balances agree with general ledger amounts.
- 2010-2 That the general ledger be maintained accurately.

The problems and weaknesses noted in my audit were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Very truly yours,

David A. Kaplan
